**UNITING THE WORLD
IN MITIGATING &
COMBATING
CORROSION**

Hosted by

AMPP: The Association for Materials Protection & Performance

"A Safer, Protected, and Sustainable World"

AMPP represents the largest global community of corrosion and protective coatings professionals. Our members are dedicated to advancing technical and practical expertise in corrosion prevention and control. AMPP provides members with the knowledge and resources to ensure high performance materials are used to build and maintain sustainable infrastructure.

AMPP provides members with the knowledge and resources to ensure high performance material are used to build and maintain sustainable infrastructure.

AMPP protects infrastructure and assets worldwide through member and workforce education and credentialing, company accreditation, technological innovation, and global standardization.

AMPP INDIA CHAPTER

AMPP India Chapter (Hosted by NACE International India Section) was established in 1992. AMPP India Chapter is one of the largest and most active sections of AMPP through its significant efforts for the promotion of corrosion awareness, protection and control of corrosion in India. With over 1000 members, AMPP India Chapter has organized over 200 certification courses on CIP Level 1, Level 2, Peer Review, CIP 2 Emphasis, Nuclear Power Plant course, O-CAT, PCS 2, Basic Corrosion, Direct Assessment, Internal Corrosion for Pipeline, Refinery Corrosion and Cathodic Protection 1, 2,3 & 4 of AMPP. It has also organized more than 205 educational corrosion awareness programs and hosted 28 annual corrosion conferences. To commemorate Corrosion Awareness Day, AMPP India Chapter awards individuals and institutions for their contributions to corrosion awareness and developments in the field of corrosion science and technology. The AMPP India Chapter sponsors three student chapters (Mumbai, Chennai and Vadodara). AMPP student chapters had organized "CORSYM" international corrosion conference for students. AMPP is committed to enhance the quality and range of its services and activities in the field of corrosion awareness and dissemination of knowledge on corrosion, its protection and control in India and worldwide.

CORCON: (Corrosion Conference & Expo)

The world is rapidly moving towards developing sustainable infrastructure with the focus on corrosion free materials for effective optimizing corrosion controls and reduction in lifecycle costs. Corrosion- control and mitigation at the initial design and construction stage of assets is more rewarding in the long run-in terms of increased safety, performance, asset life, environment protection and operational cost-effectiveness. Overall, the global cost of corrosion is estimated to be in trillions. In India corrosion is believed to impact approx. 4 per cent of the country's GDP and the ever-growing environmental threat calls for urgent and appropriate measures.

CORCON, the annual conference and expo on corrosion science and engineering held in India, is the largest event of its kind in Asia, attracting participation from academic and research institutions, public and private sector organizations including defense establishments and professionals. This event offers an excellent platform for exchange of information on matters concerning corrosion, learning about existing and upcoming products and technologies and networking. As the world faces more and more challenges with ageing infrastructure, it is imperative for advocates of corrosion mitigation to unite and address the problem. Each year over 1000 industry leaders from around the world come together at CORCON, in an effort to tackle corrosion issues, and inform participants of the latest solutions and methods.

TECHNICAL PAPERS

AMPP India invites you to submit abstracts for selection of technical papers and share your expertise to advance your career and the industry by sharing your knowledge on corrosion mitigation. This is your opportunity to be recognized for your knowledge by industry leaders from around the world. You are encouraged to submit your paper on the following topics:

SYMPOSIA TOPICS

Corrosion Control in Water Treatment Utilities

Corrosion in Chemical and Fertilizer Industries

Corrosion in City Gas

Corrosion in Defence Equipment & Facilities

Corrosion in Marine and Offshore

Corrosion in Nuclear Industry

Corrosion in Oil and Gas

Corrosion in Petrochemical and Refineries

Corrosion in Power Plants and Utilities

Corrosion in Rail Infrastructure

Corrosion in RCC Structures and Infrastructure

Corrosion in Tanks, Mounds, Bullets and Sphers

Corrosion Monitoring and Testing

Materials and Composites

Microbial Corrosion and Inhibitors

New Trends and Innovations in Corrosion Control

Young Student Scientist Forum

Each Symposia will receive best paper award during the conference.

IMPORTANT DATES

Paper and poster proposals will be assessed by members of the Conference Program Committee for compliance with the criteria for acceptance. All submissions will be reviewed and you will be notified if your abstract is approved.

Abstract submission opens	30 July 2023
Abstracts due	31 August 2023
Full Text Paper due	30 September 2023
Presentation upload due	15 October 2023
Registration deadline for Authors	30 September 2023

CONFERENCE HIGHLIGHTS

**60 + Hours and over
200 papers on the latest in
corrosion mitigation**

AREAS REPRESENTED

- Oil, Gas & Petrochemicals
- Maritime
- Power Generation & Utilities
- Highways & Bridges
- Chemical Process Industries
- Pipelines

CORROSION MITIGATION TECHNOLOGY REPRESENTED

- Coatings
- Cathodic Protection
- Materials & Composites
- Inhibitors
- Inspection & Testing Equipment
- Material Selection & Design

BENEFITS

- Operators
- Service providers
- Consultants
- Engineers and Scientists
- Maintenance Managers
- QA/QC personnel
- Head of plants
- Utility Heads/Managers

Kindly upload the abstract through the conference website www.corcon.org
The presenting author must register as a delegate for conference for inclusion of his / her papers in the technical programme. For any technical paper related queries, please email rishikesh@naceindia.org

Corrosion Conference & Expo is an ideal opportunity for the exhibitors to display their equipment's, technologies and services in the Asia's largest event for the prevention and mitigation of corrosion.

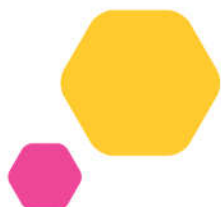

Major Factors to attend the conference: -

- Talks by eminent speakers from around the world
- Exhibits of Latest products and technology
- New ideas and innovations during Technical Sessions
- Networking opportunities (1000+ Delegates)
- Latest corrosion challenges and mitigation resources
- Technical Interactive Forum (TIF)
- Corrosion Awareness Awards function
- Cultural Program

Why exhibit at CORCON 2023?

- CORCON attracts over 1000 industry leaders and decision makers from various industry in corrosion mitigation from around the world
- CORCON facilitates valuable opportunities to discover the latest resources for its attendees on corrosion issues and challenges
- Exhibitors at CORCON are able to communicate directly to their key demographic and familiarize them with the newest advancements in corrosion mitigation products and services

AMPP Corrosion Awareness Award

AMPP Corrosion Awareness Awards are presented to honour and respect individuals / institutions for their contribution to corrosion awareness and development in the field of corrosion science and technology in India. Over the years, 147 scientists / teachers / engineers / professional; along with 55 students and 28 public / private sector laboratories has been honoured with AMPP corrosion awareness awards, presented under various categories.

Invitation of Applications for AMPP Corrosion Awareness Awards

AMPP India Chapter invites applications for the following corrosion awards for the year 2022 – 2023 to be presented during CORCON Corrosion Conference to be held during 25th – 28th October 2023

The last date for the receipt for applications at office 31st August 2023.

1. Excellence in Corrosion Science & Technology Awards

For excellent contributions to the field of corrosion evaluation, corrosion control, corrosion management and corrosion awareness

Award: A plaque, certificate and honorarium of Rs. 31,000/-

Award (1) – A person older than 40 years of age working in a research / educational organization

Award (2) – A person older than 40 years of age working in an industrial Organization

2. Distinction in Corrosion Science & Technology Awards

For distinctive contribution to the field of the corrosion evaluation, corrosion control, corrosion management and corrosion awareness including some exemplary contributions / achievements

Award: A plaque, certificate and honorarium of Rs.25,000/-

Award (1) – A person between 25 and 40 years of age working in a research / educational organization

Award (2) – A person between 25 and 40 years of age working in an industrial organization

3. Excellence in Innovation Award

For excellent innovative contributions in the field of Corrosion Science & Technology

Award: A plaque and certificate

4. Excellent Laboratory Award

For excellent contribution to the field of corrosion science & technology by monitoring, testing, evaluation of performance and quality of materials, and research / development works.

Award : A plaque and certificate

5. Students Awards

For thesis on corrosion science & technology for degree during the year commencing 1st July 2022 an ending 30th June 2023.

Award: A plaque, certificate and honorarium

Award (1) – Ph D Degree, Honorarium of Rs. 21,000/-

Award (2) – M Tech /ME / MSc. Degree, Honorarium of Rs. 15,000/-

6. Meritorious Contribution Award

For meritorious contribution to the field of corrosion science and technology and activities of AMPP and other similar organization.

Award: A plaque, certificate and Honorarium of Rs. 51,000/-

Award (1) – A person working in academic or research and development organization

Award (2) – A person working in an industrial organization

7. Lifetime Achievement Award (Nominated Award)

This award will be presented to the nominee selected by the Section Governing Board of AMPP

Award: A plaque and certificate

Recipient of Award: A senior Citizen for his / her lifetime contributions to:

- AMPP & AMPP India Chapter
- Corrosion and its control / corrosion education / corrosion research / corrosion management etc.
- Corrosion Awareness Programs
